

Rug Hooking by Willow Wood Market

Friday, June 7 2:00 PM – 4:00 PM

Class & kit fee - \$30

This two hour workshop will teach you the method of rug hooking using the Oxford Rug Punch Tool. The project is a 5" square with several center options available for a design of your choice. You will also learn how to transfer the design onto the foundation fabric and Bonnie will discuss multiple options for finishing into a project of your choice. The kit will include foundation fabric and wool strips. A hoop and needle will be provided for your use in the class. The photo below is a good representation of the class project but not exactly the same design. This class is limited to 10 people.

Supply List: All supplies will be provided in the kit
